

MTI – GKMC/BKMC SWABI

WEEKLY NEWS

Dr. Sahibzada M. Khalid

(Subject to Err)

August 10, 2021

The last week passed with hectic activities by the administration of MTI-GKMC/BKMC Swabi in order to steam line different sections of the hospital in addition to preparations for August 14, 2021.

Establishing a Dialysis Suit for the poor masses of Swabi. The Dialysis Suit will start functioning from August 14, 2021 after the inaugural ceremony.

- ✓ Fittings completed for Dialysis Machines
- ✓ Medical Gases Piping completed.
- ✓ Curtains railing for each bed is near to completion.
- ✓ Reverse Osmosis System reached & fitting in progress.

INSTITUTIONAL BASED PRACTICE (IBP) of the consultant started in MTI-GKMC Swabi. Initially Medicines, surgery and pulmonology OPD has been started in the initial phase.

It will benefit the ailing population that all the facilities like CT Scan, Digital X-ray, laboratory facilities including Virology lab etc will be available under one roof. They will not have problem of investigations on one hand and availability of eminent consultants with clean and neat admission facilities and services round the clock.

Rejoinder to Electronic media “WHY, TO ROB PETER TO PAY PAUL”

A media clip has been circulated widely in the electronic Social media of Swabi, wherein one of the representatives of the operated patient blames one of the private hospitals for the precarious condition of the patient. The patient is a female from Shawa village of Swabi. They admitted their patient in one of the private hospitals of Swabi for inflamed appendix. The patient was operated therein and, thereafter, could not recover from anesthesia.

The incorrect depiction has strongly been condemned through rejoinder as to announce honesty with profession at every forum and avoidance of yellow journalism by some black sheep in the media.

MTI – GKMC/BKMC SWABI HEALTH ALERT

06-08-2021

07 DELTA VARIANT POSITIVE
CASES

IDENTIFIED & CONFIRMED

BY

Dr. Asim Ali Shah

It is sad news apart from detection of Delta variant that one of the employees working at Virology lab is infected with the new variant of virus. May Allah Kareem bestow him prompt and quick recovery with protection to all the mankind.

OPD IS BEING RENOVATED: The entire Out Patient department is being renovated along with the offices of the consultants and waiting area of the patients to facilitate and extend maximum comfort to the public. The out of order air conditioners and other equipment has been repaired and replaced.

Breast feeding Week: A seminar was conducted in the auditorium of MTI GKMC/BKMC Swabi on eve of Breast Feeding week. The speakers deliberated upon the importance of breast feeding and emphasized its education to the marginalized and uneducated population in particular and for all in general. Awareness session under the Maternal Neonatal Health & Nutrition Program conducted in collaboration with Shifa Foundation and Nutrition International on August 09, 2021. All the Woman Medical Officers and nursing staff participated therein.

ROADS CONSTRUCTION: The roads construction was a much awaited demand of the staff and necessary for prevention of spread of infection to the staff, admitted patients and their visitors. The work started on August 09, 2021 and continues to work at night. The sub-engineer on the site disclosed that all roads will be completed within a week time.

Prime Coat Completed

Plantation in MTI – GKMC/BKMC SWABI

The plantation season is on and it is necessary for a country to have 25% of its areabe green. Pakistan is striving hard to achieve the target and deplantation has strictly been prohibited in many areas of the country and plantation drive is noticed on differentparts of the country to show solidarity with the country. The MTI GKMC/BKMC lead the drive by planting more than 650 plants inside the hospital premises and the honourable Speaker National Assembly of Pakistan – Mr. Asad Qaiser has been pleased by the Chairman, Board of Governors MTI GKMC/BKMC Swabi – Maj. Gen (Rtd) Salahuddin to start his plantation drive from the institution and consented tentatively to August 14, 2021.

DFO Mansehra Appreciated with Thanks: MTI GKMC/ BKMC paid thanks to the District Forest Officer (DFO), Mansehra and highly appreciated the unprecedented generosity in support of plantation at the institution. He provided 640 plants to the institution for plantation drive.

Hoisting of Pakistan Flag on August 14, 2021: The event will be the first ever ceremony in the institution. The base has been prepared and flags in final stage.
